# Smart APP Frequencies

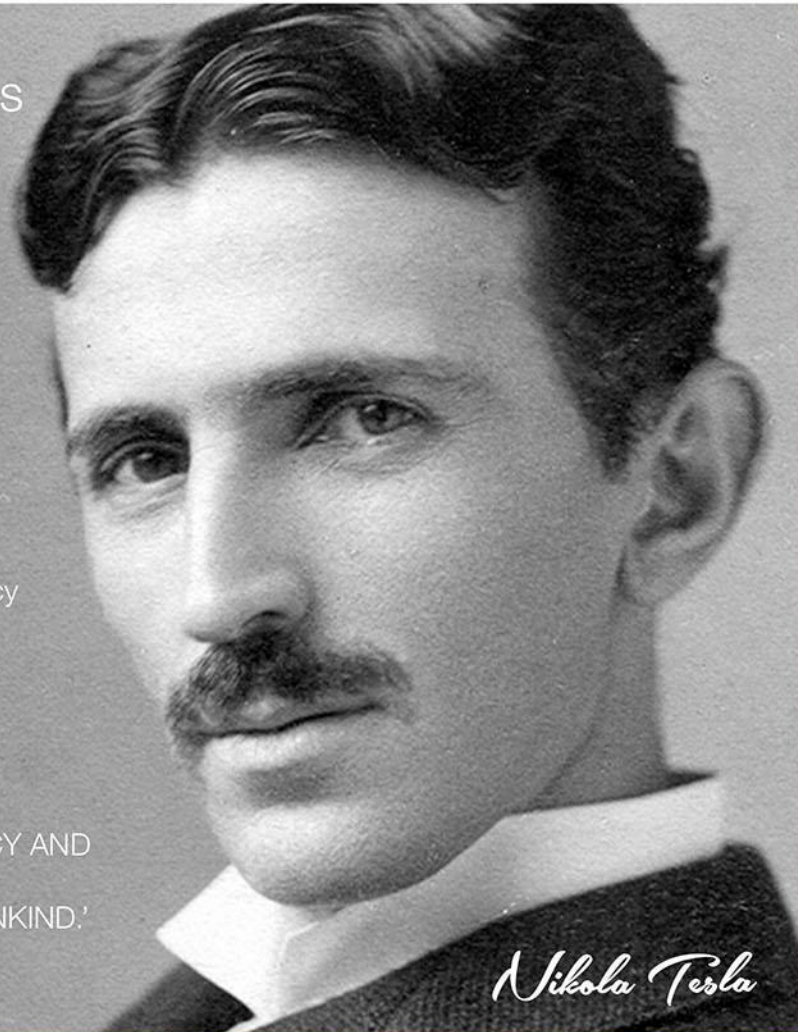

SMART APP Frequencies  
and there positive  
affects on mankind.

'Electronic Waves in the human brain  
are between 6 and 8 Hz, the wave  
frequency in the human cavity,  
modulates between 6 and 8 Hz.  
All biological systems operate in the  
same frequency range.

The human brains important Electronic  
wave is recharged by the same frequency  
waves from EARTH WHICH IS 6 - 8 Hz.

Thus our brain and our entire biological  
system is in unison with the earths own  
frequency of 6 - 8 Hz.

IF WE CAN CONTROL THE FREQUENCY AND  
RESONANCES . . .  
WE CAN IMPROVE THE STATE OF MANKIND.'
